RESURRECTION CHAPEL ADORNMENT/FLOWER TRIBUTE POLICY

Crypt General Guidelines

- Each Resurrection Chapel Couch Crypt is for the entombment of two people in caskets or urns or a combination of both.
- The purchase price for a Resurrection Chapel Couch Crypt includes all lettering and adornments.
- The purchase price for a Resurrection Chapel Couch Crypt does not include an additional Inurnment Privilege. It is possible to purchase this privilege to place a third person, who typically has been cremated, for an additional fee. (See A. INURNMENT PRIVILEGES BELOW for additional details.)
- Each Resurrection Chapel Couch Crypt “front” includes a total of three (3) panels:
 - Left Small Panel
 - Center Large Panel
 - Right Small Panel

A. Inurnment Privileges (in a Couch Crypt)

- 1 On any Couch Crypt front, it may not be possible to display the name of the person for whom the Inurnment Privilege is being purchased, unless this purchase is made before any inscriptions or adornments are placed on the center panel.
- 2 The final appearance (lettering, names, dates, photoceramics, emblems) will be determined only after the customer has made their selection and the Cemetery has approved it. Due to customization, crypts purchased At-Need will not have the lettering completed at the time of the entombment.

B. Light/Vase Units

- 1 One Light/Vase Unit will be placed on each of the Left Small Panel and the Right Small Panel.
- 2 These Light/Vase Units are the only place where floral tributes are allowed inside or outside the Resurrection Chapel.
- 3 All other tributes, floral or otherwise, will be removed and discarded daily.

C. Crypt Front Adornments

Complete customization is possible for all Resurrection Chapel Couch Crypts.

- 1 All lettering will be placed on the Center Large Panel.
- 2 All names, dates, and other inscriptions (such as epitaphs) will be double line highlighted inscribed (incised).
- 3 The size of the characters (letters and numbers) will be determined by the number of words and dates to be inscribed on the panel.
- 4 All words are subject to cemetery approval.
- 5 Photoceramics will be placed on the crypt’s Center Large Panel.
- 6 Bronze Emblems will be placed on the crypt’s Center Large Panel.

D. Glass Niche Tribute Guidelines

- 1 One permanent photograph framed and on a stand and/or one permanent tribute may be placed with each urn.
- 2 The photograph or tribute may not be more than 5 x 4 inches for all single and double niches and must be approved by the cemetery in advance of placement.
- 3 All adornments for feature niches must be approved by the cemetery.
- 4 One placement of the aforementioned adornments may be made at no charge; additional placements will incur additional fees.
